and Gynecology,  
MedUni Vienna/Vienna  
General Hospital, Austria

Dear Colleagues,

We cordially invite you to the 1<sup>st</sup> interdisciplinary masterclass in minimal invasive pelvic surgery in Vienna. In current complex medicine, subspecialization has become mainstream and various disciplines offer surgical treatment for numerous diseases such as incontinence and pelvic organ prolapse. With our interdisciplinary cadaver hands-on workshop for surgeons and gynecologists, we intend to offer you not only improvement of your personal skills, but also a broader look at what is state-of-the-art in other specialties.

Our ICS approved course may encourage you to become a true sparring partner for your clinical colleagues and may impact treatment decision-making in a multidisciplinary setting for the benefit of patients with pelvic floor disorders.

Stefan Riss

Nikolaus Veit-Rubin

## Programme

8.00 Uhr

### Welcome

Heinz Kölbl and Bela Teleky

---

### 1. Theoretical Session

8.15 – 8.35 am

#### Sacropexy „in a nutshell“

Heinrich Husslein and Nikolaus Veit-Rubin

8.35 – 8.55 am

#### Rectopexy „in a nutshell“

Mhairi Collie and Stefan Riss

---

### 1. Practical hands-on Session

9.00 – 11.30 am

#### Laparoscopic ventral mesh rectopexy

#### Laparoscopic sacropexy

---

**In between coffee and cake**

---

### 2. Theoretical Session

11.30 – 11.45 am

#### Pitfalls and complications in pelvic floor surgery

Oliver Jones

11.45 am – 12.00 pm

#### Midurethral sling procedures and complication management

Alex Digesu

---

12.00 – 12.45 pm

#### Lunch break

---

### 2. Practical hands-on Session

12.45 – 2.15 pm

#### Midurethral slings („TV“/„TOT“)

#### Dissection of the Retzius space
